

High Tide
Check the tide tables before walking on the beaches. Rising water can trap you against a cliff with no possibility of escape.

Private Land
Private land occurs throughout the parks. Trespass across and use of private land without owner consent is prohibited.

Heavy Surf
The pounding surf and rip currents are treacherous. Stay away from the water.

Steep Cliffs
Cliffs are likely to crumble and slide. Climbing on them or walking near the edge invites catastrophe. Because of falling rocks, walking below cliffs is dangerous. Keep away!

Falling Limbs
Tree limbs can fall during high winds, especially in old-growth forests.

Yurok Reservation
The lands within one mile of each side of the Klamath River from the Pacific Ocean to 43 miles upstream compose the Yurok Reservation. Currently, only 10 percent of the land remains in Yurok ownership or trust status.
